

Dear FCC,

I am appalled by the actions of Sinclair Broadcasting.

First it was Sinclair's refusal to run a program honoring servicemen and women who lost their lives in Iraq and now their blatant usurping of the public airwaves to manipulate the election by running a faux news piece that smears the Democratic candidate for President.

I wish to formally register this complaint for Sinclair's misuse of their license in a manner that jeopardizes the principles of American democracy.

Thank you.

Bruce Miller
